

# Scientific Foundation Models for Enterprise AI

Govern, evaluate, and continuously improve AI systems in high-stakes environments.

PLATFORM

## BrahmX®

Enterprise AI Governance & Intelligence Platform

*From Data to AI—Hardened 24/7 in One Go*

- ✓ Automated model evaluation & benchmarking
- ✓ Built-in compliance, audit trails, and safety gates
- ✓ Continuous improvement from production feedback

PLATFORM

## AhamX®

AI-Powered Capability & Talent Intelligence Ecosystem

*The Complete Intelligence*

- ✓ Verifiable, portable capability intelligence
- ✓ Workforce & ecosystem visibility at scale
- ✓ Continuous skill → deployment intelligence

PLATFORM

## KogneX

Scientific Simulation & Deep-Tech AI Platform

*Frontier Intelligence for Complex Systems*

- ✓ Physics-informed foundation models
- ✓ Multi-scale simulation & digital twin intelligence
- ✓ Domain-adaptive AI for engineering frontiers

Built for teams operating AI in regulated, high-impact environments— Financial Services & Insurance Government & Public Institutions , and Large Enterprises & Research Organizations .
